

# CIANTIS NOTES MASTER BLUEPRINT

## Official Build Puff & Development Roadmap

### Project Vision

CIANTIS Notes is not a basic notes app. It is a premium life-management knowledge system that combines the organization of OneNote, the elegance of Apple Notes, the simplicity of Google Keep, and the visual design language of CIANTIS. Primary Goals: • Beautiful and calming • Fast note capture • Deep organization • Cross-space integration • Long-term knowledge storage • AI-powered study and planning tools

### Locked Design Standards

• Follow approved mockup as source of truth. • Left swipe = Universal CIANTIS menu. • Right swipe = Notebook drawer. • Soft ivory, greige, taupe palette. • Minimal borders. • Elegant typography. • No corporate OneNote styling. • No cartoon icons. • Full-screen imagery on Notes Home. • Premium luxury aesthetic matching Dashboard and Spaces.
